JOHN H. SNIDER DEAD

Another Old Resident Dies Very Suddenly—Funeral Services Will Be Held at 10 O'clock To-morrow.

John H. Snider died at the home of his niece, Mrs. T. C. Wisman, on Hull alley, last evening about eight o'clock. The cause of his death was apoplexy. He had been sick about a week but was not thought to be serious. Yesterday afternoon he was taken worse and died in the evening. He was 74 years old.

Mr. Snider came here from Morgantown several years ago. He married Miss Mary Payne, who died about 17 years ago. He leaves two sisters, Mrs. Sarah Fisher and Mrs. Susan A. Batson, and one brother, Charles L. Snider, of Weston. Two of his children are yet living, Mrs. John S. Hamilton and Mrs. David Gibson.

Mr. Snider served in the civil war as a member of the First West Virginia Cavalry, but never joined the G. A. R. He was a brave soldier and a good citizen, and had a large number of friends who are sorry to know of his death.

The funeral will take place to-morrow morning at ten o'clock from the home of his daughter, Mrs. David Gibson, in Pierpont addition. The remains will be interred in Woodlawn cemetery.

UNKNOWN MAN

Found at the Mouth of a Tunnel Near Cameron.

CAMERON, W. Va., May 25.—The mangled remains of an unknown man were found near the mouth of a tunnel about a mile and a half east of here this morning about 7 o'clock. The body was mutilated, and the clothes were torn nearly from the body. He was taken to Charles Fisher's undertaking establishment, but nobody has been able to identify him. He is a man of about forty-five years of age.

After the Money.

NEW YORK, May 25.—The steamer Yucatan, which arrived to-day from Colon, brought as passengers Ricardo Arias and J. Morales, special commissioners appointed by Panama to receive nine millions of dollars on account of the canal concession. Mr. Arias said that it was the purpose of the commission to invest the money in first mortgage bonds in New York.

MONEY AND COAL

An Acre of Coal Worth Hundreds of Dollars When Mined.

This coal vein, which has made many Fayette county people wealthy, says the Genius, is known generally as the Pittsburg vein. It contains all the way from 14,000 to 18,000 tons to the acre and is nine feet thick. This coal will produce from 9,000 to 12,000 tons of coke to the acre. Even estimating the coal to be worth only five cents a ton, an acre would produce \$700 worth.

Coal can be placed on board cars for 36 cents a ton, according to actual figures obtained by a prominent local operator, and can be converted into coke at a total cost of 90 cents a ton. When sold at the lowest figure, from \$1.50 to \$1.80 per ton, his profits are from 60 to 90 cents on a ton. This would make his profit on one acre realize the neat sum of \$5,400 at least estimate.

SMALLPOX

May Interfere With the Episcopal Convention.

PARKERSBURG, W. Va., May 21.—The annual meeting of the council of the Episcopal church was scheduled some months ago to convene June 1 at Martinsburg, W. Va., but owing to the smallpox scare in that city there has been quite a change in the arrangements.

Rev. Dr. Scollay Moore received a communication yesterday from Bishop Peterkin, which stated that there was a possible chance of the council not being able to meet in that city, on account of the prevalence of smallpox.

AUGUST FOURTH.

MARRIED ON THE GREENLAND

Young People of Marietta Wedded at Pittsburg, Just Before the Boat Started on Its Long Trip to St. Louis.

WHEELING, May 24.—Whether it may augur well or otherwise, the result of the visit of the little winged deity, Cupid, to the steamer Greenland, of the Greene line, owned and commanded by Captain Gordon Greene, while she lay at the Pittsburg wharf yesterday, and the men aboard her were busily making preparations for the long trip to St. Louis, remains yet to be seen.

In the presence of a few friends and relatives Miss Harriet Becker and Frank G. Stover, both of Marietta, Ohio, were united in marriage by the Rev. Partridge, of Pittsburg, and last evening at 9 o'clock they were passengers on the boat on their way to St. Louis.

Miss Harriet Becker is a sister of Mrs. Captain Gordon Greene. Mr. Stover is a well known young business man of Marietta. It was the intention of the couple to keep the affair quiet and they were fearful while the packet lay here last evening that some one would send word to their homes and that there would be a crowd at the wharf to greet them.

The ceremony yesterday was performed at 11 o'clock—just one hour before the packet started—on its Southern journey. It took place in the palatial cabin of the boat. The young couple will take the journey to the Exposition as their honeymoon and will make their home at Marietta.

MACEDONIA FUGITIVES

Are Having Trouble to Regain Citizenship.

VIENNA, May 25.—Great irritation has been caused by the obstruction placed in the way of the repatriation of Macedonia fugitives. The work of repatriation is proceeding with the greatest difficulty along the provincial frontier. The authorities, despite their instructions from Constantinople, are turning numbers who have applied for the reinstatement of citizens' rights, giving trivial pretexts for the rejections.

This is especially true in the Vilayet of Adrianople. A number of those rejected have sent a telegram of protest to the assessors at Salonika.

Reported Lost.

SEATTLE, Wash., May 24.—The steamer Cottage City, from Lyon canal, reports passing the Nome steamer Corwin May 21, between Kotchikan and Wrangel Narrows. The Corwin was reported lost.

TO ST. LOUIS BY WATER

STEAMER GREENWOOD LEAVES CHARLESTON TO CONNECT WITH GREENLAND AT POINT PLEASANT.

CHARLESTON, W. Va., May 25.—Last evening the steamer Greenwood left the Charleston wharf for Point Pleasant, taking the first installment of the Charleston people who will make the trip to St. Louis and the World's Fair by water on the beautiful side-wheel steamer, Greenland, which starts from Pittsburg for the round trip, and received the Charleston party on arrival at Point Pleasant. In the party leaving Monday evening were Mr. and Mrs. M. S. Snyder, Miss Cora Cehau and Mr. and Mrs. John Allemen. Others took passage but at the time their names could not be obtained.

The party will be absent about one month, and the arrangements are that the entire party will live on the boat while in St. Louis, thus avoiding the necessity of hunting lodging in the city of the high priced hotels.

The Greenland expects to make several trips during the season, this being the initial trip.

POSTOFFICE

Beginning of Work On New Structure Now Awaits Completion of Plans.

WHEELING, W. Va., May 25.—Work on the new postoffice, which is to be located at the corner of Chapline and Twelfth streets, now awaits the completion of the working plans by the architect in Washington, D. C., who was awarded the plans for the new structure. As is known, the late Congress failed to pass the additional appropriation of more money for the structure, which, as the thing now stands, will make the building a \$285,000 structure. As soon as the working plans are completed they will be submitted to the department and bids advertised for.

BLOOD HOUNDS AFTER FIRE BUGS

ELEVENTH INCENDIARY FIRE AT PARKERSBURG MAKES A BIG STIR—HOT ON TRAIL OF THE CULPRIT.

PARKERSBURG, W. Va., May 25.—Another incendiary fire occurred yesterday when a man forced entrance through the rear of Lee Logan's livery stable and set fire to straw in the stalls. It got a big start before discovered, and for a time threatened to destroy the entire place. Four horses were badly burned.

It was found where the man had got into the stable and blood hounds were put on the trail. They got started well and expect to land the man. It was the eleventh fire of the kind that had been started.

Engine Upset.

PARKERSBURG, W. Va., May 24.—A wreck caused by some defect in the track badly damaged the engine drawing train No. 710, which leaves Parkersburg on the Ohio River division at 9:07 P. M., last night at Jane's Lane siding, near Waverly. The engine was derailed and thrown over on its side. The fireman and engineer escaped by jumping.

THE LADY IS MISSING

Constable Allowed Her to Go Without a Bond, and She's Going Still.

MONTGOMERY, W. Va., May 24.—Mrs. David Pierson, the lady who pumped the contents of a big fat Harrington at the captain and pilot of a towboat about a month ago at Smithers, was arrested Saturday, and a hearing in the case was to have been had at 4 o'clock in order to give Mr. V. C. Champe, the attorney of the towboat company, a chance to be present. The lady seemed kindly disposed to all, and the constable permitted her to go about without a guard. When the case was called the lady was missing and has not been seen since. Constable Jackson says the next woman who is arrested by him will either go to jail or arrange a proper bond, that he will not trust to any one else in the future upon their word of honor. In the meantime the lady is still rambling.
